CENTRAL COMMITTEE MEETING.

There will be a meeting of the outgoing and incoming Central Committee held at the office of Stanley & Wall on Saturday, October 6th, 1888, at 2 o'clock p. m. All members of both the old and new committee are urged to be present. The names of the committee can be found on the first page of this issue.

W. L. STANLEY, Chairman.
J. M. KELLY, Secretary.

THE REPUBLICAN CONVENTION.

The largest, ablest and most representative county convention ever held in Sedgewick county met in this city last Thursday, October 4th, 1888, at 2 o'clock p. m. All members of both the old and new committee are urged to be present. The names of the committee can be found on the first page of this issue.

NOT CONDUCTIVE OF VICTORIES.

The Republican organization of this county, which has been in existence for many years, has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party.

COL. TAYLOR'S MISTAKE.

Col. H. L. Taylor, who was defeated before the convention last Thursday, has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party.

UNION AND GRANT.

The only unpleasant feeling left by our late convention is caused by the action of certain individuals who have been a constant source of strength and support to the party. It has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party.

MUSICAL KANSAS.

Remondy was interviewed at Kansas City. His interview proved that our estimate of the man was correct. He is a ripe scholar, a fine historian, a statesman, with all his great powers available to him. He is a ripe scholar, a fine historian, a statesman, with all his great powers available to him.

AS WE SUPPOSED.

WASHINGTON, Sept. 28, 1888. To the Editor of the Commonwealth: I use in your paper of Saturday an article clipped from the Kansas City Journal of recent date, to the effect that a movement is on foot to make the Republican committee a permanent body. I am glad to see that the committee is so well organized and so well equipped.

ALL THE SPEECHES—SUPPLEMENT.

Reference was made last week to Legate's speech at the State Temperance convention at Topeka, which was held in the city of Topeka. The speech was a most able and eloquent one. It was a most able and eloquent one. It was a most able and eloquent one.

WHY DON'T THEY?

To certain gentlemen who are wont to utter disparaging words of Democrats and small boys in the corners of the streets with asseverations reflecting on the honesty of our Republican county officials, and who go further and say that the latter are cognate of wrongs of which they never speak, we have to say, we dare them to do it. While this paper is very careful how it reflects on the acts of men in official positions, it is not so careful in its reflections on the acts of men in private life. It is not so careful in its reflections on the acts of men in private life.

UNCLE BEN'S SON.

Many people believe themselves controlled by the purest and highest of principles alone, until some selfish interest arises to open their eyes. They are cranks or extremists generally. Few fathers, with a starving wife and babe at home, will hesitate to stop the cry of his own flesh and blood without reference to the penalty for stealing bread. Uncle Ben Fisher has always been a wide-eyed abolitionist. He would vote with no man who was not pronounced on his side of the question. He was controlled only, of course, by principle, and a desire for the highest good of society. But Uncle Ben now has a boy running for sheriff, who don't train with him, nor believe in the prohibition side of the law, but for a mass convention, and to nominate a man for sheriff against his liberal son so much as to nominate a man who will divide the Republican vote, and elect his liberal son. Uncle Ben will not ask next Saturday's convention to nominate his son, but he will let it nominate somebody to beat Murray Myers.

NOW WARM HIS JACKET.

John Martin, for twenty-five years the most uncompromising Burben of Kansas and the acknowledged almoner of his party, the denouncer of the prohibition law, the defender, adviser, and friend of the whiskey traffic, Zimmerman, Gluck's first greatest apostle, but now known as the "non-partisan judge," who captured a majority of the Republican committee of Sedgewick county, and who was elected to the office of judge of the Third district, Martin is Judge Webb's equal in no particular, either in experience as a maker of laws, in the time of service on the bench, or as a master of the science of pure logic. We hope the Republicans of that district will not only reject Gluck's nomination, but will elect a man who will show the great straight arrows to the law, but who can make Republican judges out of Democratic lawyers in a single season.

ILLUSTRATED.

The Marion Record appeared in double form and highly illustrated last week. It contained a very full and complete set of statistics about Marion county and her towns, with good pictures of leading business houses and the residences at the Center. The edition not only gives an entire and complete set of statistics about Marion county and her towns, with good pictures of leading business houses and the residences at the Center. The edition not only gives an entire and complete set of statistics about Marion county and her towns, with good pictures of leading business houses and the residences at the Center.

A CARD.

To the Editor of the Eagle: I understand that some one has reported that Capt. Murray Myers was a bad character when in the army. Murray Myers was a bad character when in the army. Murray Myers was a bad character when in the army.

A CHANGE OF VENUE.

Col. Jim Smoot has been nominated for judge by the Republicans of his district, and the organization has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party.

"EXECUTIVE ABILITY."

Our correspondent, "Independent Republican," is a little off on the candidates and the contest in the Eighteenth judicial district. He says that Judge Harris received an endorsement from the bar of the district which beats any party endorsement, and that this endorsement is a "clew of the handle," as it were, in three distinct directions. If Harris has been endorsed by the bar of the district, he has been endorsed by the bar of the district. He has been endorsed by the bar of the district.

THE NEGRO CONVENTION.

There was held in Louisville, last week, a national convention of colored men, and the principal aim and object of which seems to have been a chance to spout. The convention could do no business not even pass resolutions. It was a national convention of colored men, and the principal aim and object of which seems to have been a chance to spout. The convention could do no business not even pass resolutions.

REND THESE TEARS.

Democracy is sorely disappointed with the Republican ticket. Arrangements had been made in case a straight out prohibition ticket should be put in the field, and the Republican ticket was a wonderful triumph, and it does not seem. How democracy sympathizes with a Republican ticket, and it does not seem. How democracy sympathizes with a Republican ticket, and it does not seem.

ROBBERS AND MURDERERS.

A Santa Fe Train Robbed at Coolidge, and the Engineer and Fireman Killed. Last Saturday morning, about 9 o'clock, at Coolidge, just as the conductor gave the engineer the word to pull out, a man boarded the train, and expressed his desire to express messenger's bag to the left of the door. The robber fired at him, and he was killed. The robber fired at him, and he was killed. The robber fired at him, and he was killed.

THE RAILROAD DECISION.

The Opinion of the Railroad Commissioners, Which will be Read With Interest. The following, which has been awaited for some time, was issued last week. The Mayor and Council of the City of Wichita, Kansas, have been a constant source of strength and support to the party. It has been a constant source of strength and support to the party. It has been a constant source of strength and support to the party.

THE DRIVE-WELL FUND.

To the Editor of the Eagle: I have to answer the inquiry of W. F. Stevens in your issue of the 27th. Appended to the list of names of those who have contributed to the fund, and the amounts. This money was turned over to me by H. G. Ruggles on the 20th of February, 1888, with the original subscription list. I kept a copy of the receipt, and I have reported, I think it very probable that Mr. R. is right, in saying he has received no compensation. I don't doubt that he is right, in saying he has received no compensation. I don't doubt that he is right, in saying he has received no compensation.

THE BOND QUESTION.

To the Editor of the Eagle: Permit me to say a few words to the voters of Sedgewick county, and to each township. In a few days you will be called upon to vote a tax upon yourselves that may prove a grievous burden for twenty or thirty years. Have you considered what right a majority in a township have to vote a grievous burden upon the minority? The Legislature of the State has no right to pass a law to the people to build me a residence. Taxation can only be legally levied for the purpose of raising money to defray the expenses of the government. It is not a public utility, and it is not a public necessity. It is not a public utility, and it is not a public necessity.

In a few days you will be called upon to vote a tax upon yourselves that may prove a grievous burden for twenty or thirty years. Have you considered what right a majority in a township have to vote a grievous burden upon the minority? The Legislature of the State has no right to pass a law to the people to build me a residence. Taxation can only be legally levied for the purpose of raising money to defray the expenses of the government. It is not a public utility, and it is not a public necessity. It is not a public utility, and it is not a public necessity.

THE BOND QUESTION.

To the Editor of the Eagle: Permit me to say a few words to the voters of Sedgewick county, and to each township.
